1. INTRODUCTION (formerly section “A”)

1.1. Purpose

This book (Redbook) contains the rules and regulations governing the use of Lake Summerset and its amenities by property owners and their guests. The original rules and regulations were duly considered and officially adopted in 1971 by the Board of Directors of the Lake Summerset Association (herein called LSA) with the advice and assistance of the Community Relations Committee. This edition reflects all the changes up to December 2024 and supersedes all previous editions. For revisions made after publication, check with the LSA office.

For purposes of identification, the term Lake Summerset Association (LSA), as used in this Redbook, refers to the corporate body and/or the lake with all the grounds and waters surrounding it, located south of Rock Grove Road between Best Road and Davis Road, and the LSA Campgrounds located north of Rock Grove Road and west of Best Road.

- 1.1.1. In addition to these Redbook regulations, the member should read and be familiar with the Declaration of Restrictions ([Bluebook](#)) which has been recorded with the offices of the Winnebago and Stephenson County Recorders and which is binding upon title to, and the owners of, lots in LSA. All of the restrictions are incorporated by reference and made a part of these regulations, but in the event of any ambiguity between the Bluebook and this Redbook, the Bluebook takes precedence.
- 1.1.2. As the LSA community grows, all of the regulations have been formulated to establish orderly and reasonable procedures for governing activities and for maintaining the integrity of LSA while allowing as much individual freedom as possible. Individual freedom does not condone the use of profane, obscene or abusive language to any member or staff. The application of common sense and courtesy, together with respect for one's neighbor and their property, are the primary requisites to ensure that LSA will be a truly enjoyable place to live and play.
- 1.1.3. It is to be understood that all activities engaged in at LSA, at any time of the year, are at the sole risk of the participant.
- 1.1.4. Additions and amendments to this Redbook will always be a necessity and will be approved on an annual basis, in September of any given year. These changes will be posted in the LSA newspaper for a period of sixty (60) days for member review. These changes will be formally approved by the Board of Directors at the December Board meeting and shall take effect on January 1st. The Redbook will then remain unchanged for the following twelve months. Midyear changes can be made by the LSA Board of Directors if such a change will improve or enhance the safety of our Members and Guests. Midyear changes can also be made if our rules are found to be in conflict with local, State, or Federal laws.

1.2. Member Designations

LSA members are classified as Principal, Associate or Tenant. The description of each member type can be found in the introductory pages of the LSA Bluebook, prior to Section 1. In addition to the member definitions in the Bluebook, the designation of “Junior Member” has been added. A Junior Member is an Associate Member under the age of 23 legally living in the home of a Principal Member.

1.3. Member Responsibilities

- 1.3.1. Principal members are responsible for their own actions and the actions of their family, guests, and all others having access to Lake Summerset under their authority. Violations of the Redbook or Bluebook rules may result in citations and/or fines against the principal member. Ignorance of the rules will not be considered a valid excuse. Refer to the “[LSA Fee and Fine Schedule](#)” available on the LSA [Website](#) under GOVERNANCE.
- 1.3.2. The Lake Summerset Association desires to make quite clear to the members and to all persons who are properly allowed to use its amenities, that it is not a law enforcement agency and it does not exercise any arrest or criminal law enforcement powers. The relationship between Lake Summerset Association and its members is one of private, civil contract. Members choosing to acquire property at the Lake voluntarily agree to become members of the LSA, be subject to, and abide by the LSA covenants, by-laws, rules and regulations.
- 1.3.3. Members and guests on occasion may be requested by LSA Public Safety or other staff to temporarily stop and answer questions when a strong and honest suspicion exists that a LSA rule is being violated.
- 1.3.4. Any member and any guest properly present within Lake Summerset Association who declines to stop and answer questions, when so requested by LSA Public Safety or other staff, shall be deemed to have violated a rule of the Association.
- 1.3.5. A member or guest shall be deemed to have been requested to stop and answer questions if alerted by lights of an LSA Public Safety patrol vehicle, by a verbal or gestured signal by LSA staff member or by flagging or other clear indication of a request to stop by an LSA patrol boat on the waters of Lake Summerset.
- 1.3.6. A member or guest who uses the water of Lake Summerset is required to allow inspection of fishing and boating equipment, including any fish caught, upon the request of LSA Public Safety or other LSA staff.
- 1.3.7. A member or guest who declines to stay and allow inspection as above provided, shall be deemed to have violated a rule of LSA.

2. ENTRY PROCEDURES AND GUEST REGULATIONS (formerly section “B”)

2.1. General Regulations Pertaining to Members and Guests

- 2.1.1. Except for members using valid gate passes, the Main Gate is to be used for all general entry and exit from LSA. Traffic entering through the Main Gate must stop and receive permission from the guard in order to proceed. Guests and

visitors may be required to provide a government issued photo I.D., such as a driver's license or passport, for entry authorization. The Public Safety Staff has the right to refuse entry of guests.

- 2.1.2. Members who have paid the required fee and have been issued an annual RFID gate tag from the LSA office, may use the automated gates after permanently affixing the issued RFID gate tag to the inside driver's side of the windshield. All gate regulations still apply (available at the LSA office).
- 2.1.3. Guest passes, authorized by a Junior Member, are restricted to their house unless co-authorized by a Principal or Associate member of the same household.
- 2.1.4. When entering LSA in a vehicle not displaying a current membership decal, member(s) (and accompanying guest(s)) shall be permitted to enter at the main guard house entry only if a current, signed, and unrevoked LSA membership card is presented. Membership cards will be issued and revalidated annually after payment of all LSA charges. Members will be billed each February for the annual assessment.
 - 2.1.4.1. In accordance with the Bluebook Section 9.E, "Suspension of Privileges of Membership", entry into LSA for members who are delinquent on dues payment shall be restricted to use of a temporary daily pass (Red Card) issued by LSA Public Safety at the main gate. This allows a direct route from the main gate to the owned property only and denies use of any LSA amenities (parks, swimming pool, beaches, etc.). Lien procedures for any unpaid dues, charges or fees shall be instituted in accordance with Section 9.C.iii of the Bluebook.
 - 2.1.4.2. In accordance with the Bluebook Section 9.E, "Suspension of Privileges of Membership", entry into LSA and use of its amenities shall be suspended for guests of members who are delinquent on dues, charges and fees payments owed to LSA until such delinquencies are paid in full.
- 2.1.5. The LSA decal is to be permanently affixed in the inside lower left corner of the driver's side windshield of the member's vehicle. A vehicle properly displaying a LSA decal shall not necessarily be permitted entry unless the occupants of the vehicle can otherwise establish (i.e., by a membership card) that they are entitled to enter. Guards are authorized to request supplemental identification, such as a driver's license, before allowing entry.
- 2.1.6. Unaccompanied guests may enter LSA if the hosting member has provided advance notice to the guardhouse. Advance notice is given by website ([online form](#)), fax, email, phone, hand delivery or mail to the guard house. A properly completed guest pass request identifies the guest by name, address, and arrival date and includes the hosting member's name, lot number and signature. The guest(s) will be permitted to enter on the specific date, after identifying themselves to the guard. Blank guest cards are available at the LSA office and the entrance guard house. Guest lists up to 10 persons must be alphabetized on the reverse side of the guest card. Guest lists of 10 or more persons must be delivered to the guard house 24 hours prior to the event. Remember to list member's name, lot number, date of event and location of function.
- 2.1.7. Guests not accompanied by a member and not identified by advance written notice to the guard house shall be permitted to enter only if the guard can easily reach

the host member by telephone. This service is limited to weekday (M-Th). On weekends (F-Sun) and holidays, guests without advance notice will be required to phone the member asking them to deliver a pass to the guardhouse before admission is granted. Guests may not bring their guest card with them, nor borrow a member's membership card to gain entrance to LSA.

- 2.1.8. No parties of guests may be brought in by any vehicle carrying or designed and equipped to carry over twelve (12) people. No such vehicle will be admitted through the gate except in connection with a social function or activity officially sponsored by LSA, for school bussing to district schools serving Lake Summerset, or with the written permission of the LSA General Manager.
- 2.1.9. All vehicles not displaying a current LSA windshield decal must have a "temporary" guardhouse issued pass taped to the lower driver's side corner of their windshields. The guard house personnel will supply the temporary pass when they authorize entry of any vehicle not displaying an LSA decal. When on LSA property, all temporary passes must be kept current.
- 2.1.10. To avoid overcrowding of the amenities within LSA, members are urged to not allow guests to use the amenities unless they are accompanied by the member.
- 2.1.11. Members are responsible for the action of their guests and are thus responsible for any fines that may be levied if their guests violate these regulations. Members should take care that their guests know and comply with these regulations and restrictions.

2.2. Entry Procedures for Delivery and Service Personnel

If a member anticipates the arrival of delivery or service personnel, the member should notify the guard house, in advance, by phone, email, or a written notice to expect such personnel. Delivery and service personnel will be permitted to enter LSA under the same provisions pertaining to guests. Delivery and service personnel will be logged in and out in the guard's logbook.

2.3. Entry Procedures for Contractors (Green Pass)

If the member employs a contractor, sub-contractor, etc., the member is obligated to:

- 2.3.1. Inform the contractor of the regulations and restrictions governing members.
- 2.3.2. Give email or written notice to the LSA Office of the name of the contractor.
- 2.3.3. Instruct the contractor to provide a list of any sub-contractors who will be employed (and the dates of their work) so that the guard house may permit such contractors and sub-contractors to enter after identifying themselves.
- 2.3.4. Inform the LSA Office of the dates when construction is to be started and completed. If an authorizing notice expires before your contractor finishes his work, you may send in a renewed email or written notice.
- 2.3.5. Fill out a contractor card issued at the office or list the contractor's information on the member's pass list as a "contractor." When a contractor enters, they will be issued a Green Pass which permits the contractor to go to the members home and to only use restroom facilities, when necessary, at Harting Park, Lodge,

Quarry Park, Main Marina and South Gate Marina. The back of this pass advises the contractor that they are not permitted to fish or use any amenity while under this pass system.

- 2.3.6. The LSA member that authorized the admittance of a contractor, sub-contractor, etc. (Green Card entrant) is responsible for any violation of these regulations by said entrant including any fines levied. This is the same as the provisions in Section 2.1.11 regarding a member's social guests.

2.4. Entry Procedures for Non-members

- 2.4.1. Call-In Pass: This pass is for one (1) day or up to (4) consecutive days. The guest will receive the color of the day allowing access to all amenities. Guests may not bring guest(s).
- 2.4.2. Multi-Day: This pass is issued when a guest pass request is submitted indicating more than one day, the beginning date and ending date, lot number of hosting member and a letter (G, M or A). When a guest is issued this pass for more than one day a "G" is put in the lower right corner. When a member is issued this pass, possibly when borrowing or renting a vehicle, an "M" is put in lower left corner. When an Annual RFID guest is issued this pass, as they are using a non-registered vehicle within LSA, an "A" is put in the lower right corner. This pass is good for up to four (4) consecutive days and may be renewed by the member at the end of four (4) days. This pass allows guest(s) to use all amenities but the guest(s) must be accompanied by a member to access the swimming pool (See also 2.1.10).
- 2.4.3. Red Card Pass:
 - 2.4.3.1. Resident members may apply for this pass for a visiting nurse, babysitter, house check or family member, whom they wish to come only to and from the house and not use the amenities. Inquire at the LSA office for further details.
 - 2.4.3.2. Any Red Card entrant admitted through the Main Gate will be given a specially colored temporary identification pass which must be taped to the lower inside driver's side windshield of the vehicle. Vehicles so identified shall travel only between the Main Gate and the lot of the authorizing LSA member. Such admitted persons may not drive around the development, use or park at any of the various LSA amenities (e.g., lake, lodge, beach, pool, tennis courts, etc.).
 - 2.4.3.3. The LSA member that authorized the admittance of a Red Card entrant is responsible for any violation of these Regulations by said entrant including any fines levied. This is the same as the provisions in Section 2.1.11 regarding a member's social guests.
- 2.4.4. Annual RFID Pass:
 - 2.4.4.1. The LSA Principal Member (including non-resident open lot owners) will be allocated up to a maximum six (6) Annual RFID passes, regardless of the number of lots owned. Each pass may list an entire family (spouse and children). Guests listed will have access to all amenities of Lake Summerset. The list of Annual RFID passes may be submitted any time during the year

and must be renewed by March 1 of each year. The pass is issued in accordance with limitations found above in Section 2.1.4 through 2.1.11.

- 2.4.4.2. The member must fill out the form titled “Request for Annual RFID Pass” issued at the LSA office only. This form will contain the pass holder’s name(s) and their vehicle information (Year, Make, Model, Color and License Plate information). The member is authorizing the Annual RFID pass holder to receive an annual decal and RFID tag. Only one vehicle per Annual RFID pass holder is allowed. All decals and tags must be permanently affixed to the windshield of the vehicle registered with the office. If an annual pass holder enters LSA in a different vehicle without the Annual RFID tag, they will be issued a Daily Pass.
- 2.4.4.3. This pass allows these guest families to use LSA amenities, with the following exceptions:
 - 2.4.4.3.1. Pool: Annual RFID pass holders are not permitted to bring in guests, only those family members listed on the Annual RFID Pass list.
 - 2.4.4.3.2. Fishing: Fishing is permitted by Annual RFID families based on the current fishing rules. See LSA [website](#), Fishing Pamphlet.
 - 2.4.4.3.3. Campground: Use of the campground is permitted based on current LSA Campground rules. See LSA [website](#), Campground Sub-Regulations.
- 2.4.4.4. LSA reserves the right to deactivate individual RFID privileges at any time it is deemed necessary, without refund.
- 2.4.4.5. Upon recommendation by the LSA General Manager, the Board of Directors may suspend the Annual RFID Pass program.

2.5. Renting and Lending of Homes

A member who wishes to temporarily rent or “lend” their residence to a non-member should first contact the LSA General Manager for a copy of the applicable sub-regulations and necessary form. The form should be completed and returned to the office for the GM’s approval. Such sub-regulations must be followed before any residence may be rented or "loaned" and before any non-member tenant or resident shall be permitted to enter LSA.

2.6. Solicitors

- 2.6.1. A list of approved organizations and the guidelines for those solicitors are available at the LSA office.
- 2.6.2. No unapproved soliciting activities, of any kind, shall be carried out within the LSA development or at any of the entry/exit gates.

3. VEHICLE AND TRAFFIC REGULATIONS (formerly section “C”)

3.1. General Regulations

- 3.1.1. All rules and restrictions contained in the Illinois Motor Vehicle Code are hereby incorporated by reference and made applicable to the operator of any motor vehicle within the Lake Summerset development, unless displaced by a particular provision of these rules and regulations.
- 3.1.2. The Rules of the Road as set forth in the official Illinois driver's manual are hereby incorporated by reference and made applicable to vehicle operators as if specifically set forth in these Rules and Regulations and must be observed by the operator of any vehicle within LSA.
- 3.1.3. A person commits reckless driving within LSA if operating any vehicle:
 - 3.1.3.1. With a willful or wanton disregard for the safety of persons or property.
 - 3.1.3.2. At or in excess of 25 mph over the posted speed limit.
- 3.1.4. Members and guests on occasion may be requested by LSA Public Safety personnel or other staff to temporarily stop and answer questions, when a strong and honest suspicion exists that Association rules are being violated.
- 3.1.5. Any member or any guest present within LSA, who declines to stop and answer questions when so requested by LSA Public Safety personnel or other staff, shall have violated a rule of LSA and the liquidated damage, to be paid to LSA upon such rule violation, shall be assessed.
- 3.1.6. A member or guest shall be deemed to have been requested to stop and answer questions if alerted by lights of an LSA public safety patrol vehicle, by a verbal or gestured signal by LSA staff member or by flagging or other clear indication of a request to stop by an LSA patrol boat on the waters of Lake Summerset.
- 3.1.7. Walkers and joggers must face oncoming traffic and shall have the right of way at all times on all roads in LSA. (IL Rules of the Road November 1999).
- 3.1.8. A member in good standing (dues paid up on all lots owned) shall receive an LSA vehicle decal for each copy of a valid state vehicle registration provided to the LSA office. Registrations must be legible, clearly showing the name, member's permanent address, vehicle make, year, and license plate number. Because of the frequency of changes in vehicles, copies of state registrations will be required annually at membership renewal time and throughout the year whenever vehicle ownership is changed. No verbal requests for decals by telephone will be accepted. The display of a current LSA vehicle decal is prohibited unless that vehicle has been registered with the LSA office.
 - 3.1.8.1. All vehicle decals shall be permanently affixed in the inside lower driver's side corner of the windshield for easy visibility and identification. LSA Public Safety may request a decal be moved to the correct location.
 - 3.1.8.2. Replacement decals for new vehicles or vehicles sustaining a broken windshield will be issued only upon: proof of windshield replacement such as bill or receipt or return of the major portion of the decal, which has been removed from the old windshield.
- 3.1.9. No car or truck may be driven on the ice of the frozen lake in winter, or anywhere other than an established roadway or parking area at any time. On all days when

Winnebago County imposes vehicle weight limits on its blacktop roads (e.g., during the Spring thaw), the same limits are adopted by reference and shall apply for the roads within Lake Summerset.

- 3.1.10. All trailers (e.g., snowmobile, boat, camping and campers) must have lot numbers at least two inches high of contrasting color in a place highly visible.

3.2. Adoption by Reference

The adoption by reference of those rules and regulations consistent with the LSA Redbook, as set forth in the Illinois Vehicle Code and the Illinois Rules of the Road, refers to Chapters 11 and 12 of such Code, 625 ILCS 5/11-100 et seq. and 5/12 et seq. Such rules shall govern the use, operation and equipment of motor vehicles operated within the Lake Summerset Association, as rules and regulations of the LSA applicable to and enforceable against its members and their guests, as conditions of membership in good standing, in the LSA. The Illinois Vehicle Code does not otherwise apply to the private property within the Lake Summerset Subdivision except as Illinois law otherwise provides. Violation of any of these rules and regulations incorporated by reference is not intended to result in a violation of Illinois state law, nor to be reported to the Illinois Secretary of State but shall rather constitute a violation of the rules and regulations of LSA and be punishable only as provided in Section 13 of these rules and regulations.

3.3. Operator's Permits

Every person operating a licensed vehicle within LSA and LSA Campground must possess a valid, state issued operator's permit.

3.4. Speed Limits

The speed limit on all roads throughout LSA shall be thirty (30) miles per hour except where lower limits are posted. All YIELD and STOP signs must be obeyed.

3.5. Parking

- 3.5.1. No vehicle shall be parked at any time on any green area or restricted area in LSA. Overnight parking on any street, road shoulder, right of way, easement or green area requires prior written approval from LSA Public Safety. No commercial truck with a plate classification of D (GVWR of 12,000) or higher shall be parked for overnight or longer periods of time except for class D vehicles registered with LSA.
- 3.5.2. Undriveable and/or unlicensed vehicles may not be parked for storage outdoors on member lots in LSA.
- 3.5.3. Vehicles undergoing repair may not be parked outdoors on member lots for more than seven consecutive days.
- 3.5.4. Boats/boat trailers and closed popup camping trailers may be parked on open lots as inconspicuously as possible. Only boats and campers registered to the lot owner

may be stored on the lot. All such units stored on the lot must have the required and current registration stickers attached. The area around these parked items must be maintained (i.e., free from unsightly growth of vegetation/weeds).

- 3.5.5. Travel Trailers and 5th wheel trailers may be parked on developed lots. There can, however, be no habitation.

3.6. Golf Carts, Snowmobiles, Motor-Driven Cycles and All-Terrain Vehicles

- 3.6.1. Requirements for all unlicensed motor vehicles. This includes but is not limited to golf carts, snowmobiles, motor-driven cycles, all-terrain vehicles (ATV), utility terrain vehicles (UTV) and other unlicensed motor vehicles.

3.6.1.1. Vehicle must be registered and inspected by the LSA office.

3.6.1.2. A current certificate of liability insurance, in the minimum amount of \$500,000 (USD), naming LSA as an additional insured or additional interest will be required for each vehicle before LSA registration will be granted.

3.6.1.3. Vehicle must display a plate on the rear of the machine bearing the owner's lot number in six (6) inch high numbers. Snowmobiles must display these numbers on both sides of the machine or on a plate attached to rear of machine.

3.6.1.4. An annual renewal decal will be issued and must be affixed to the identification plate (lot number plate) of the vehicle or on the windshield in the case of a snowmobile

3.6.1.5. Vehicle must display a red or orange visibility flag not less than six (6) feet above ground while being operated within LSA.

Exceptions:

3.6.1.5.1. Snowmobiles.

3.6.1.5.2. Motor-driven cycles with a wheel size greater than fourteen (14) inches.

3.6.1.6. Operators are required to wear eye protection in conformance with state regulations.

3.6.1.7. Helmets are recommended during vehicle operation.

3.6.1.8. Vehicles must be operated only on the roads and road shoulders in LSA or on any designated trails which are authorized, clearly marked, and shown on maps to be posted at the LSA office.

3.6.1.9. Vehicles must not be operated in a reckless or unduly noisy manner as determined by LSA Public Safety personnel.

3.6.1.10. No vehicle may be operated in Lake Summerset while the driver is using a cell phone or similar device.

3.6.1.11. Any unlicensed operator receiving three (3) citations in a year shall have privileges revoked for a year from the date of the last citation, in addition to monetary fines imposed. Additional driving violations, during the year when privileges are revoked, will be subjected to a fine which would double for each subsequent violation during same year.

- 3.6.2. Operator Requirements:

3.6.2.1. Any person who is of age 16 or over may operate any unlicensed motor-driven vehicle as listed in this section, regardless of engine size, if that person

- possesses a valid state driver's license and the vehicle is registered with the LSA office.
- 3.6.2.2. The parent or guardian of any minor is fully responsible and liable for any claims against the minor arising from operation of any motorized vehicle within LSA and LSA campground. Such parent or guardian shall be required to sign a waiver of any future claim against LSA for any injury or damage arising from any cause and to sign an indemnification of LSA from any claim of any person arising as an incident to operation of a motorized vehicle within LSA. Such waiver and indemnification are conditions precedent to granting of LSA registration for any motorized vehicle.
 - 3.6.2.3. Additional operator requirements for specific vehicles:
 - 3.6.2.3.1. Golf Carts – Must be at least 12 years of age, this includes guest drivers. These vehicles, may only be operated by drivers possessing a valid LSA issued photo ID card or in possession of a state issued photo ID or state driver's license. Driver must be in possession of ID while driving.
 - 3.6.2.3.2. Snowmobiles – Must comply with State of Illinois safety course requirements and must be able to produce a copy of certificate upon demand of LSA Public Safety or be at least 16 years of age and possess a state driver's license.
 - 3.6.2.3.3. Motor Driven Cycles, Mini-bikes, Mopeds, Scooters – Must possess a state issued driver's license.
 - 3.6.2.3.4. ATVs and UTVs – Must possess a state issued driver's license.
 - 3.6.2.3.5. Go-Carts – Must possess a state issued driver's license. Use of go-carts will be grandfathered until December 31, 2026.
 - 3.6.3. Golf carts:
 - 3.6.3.1. The seating capacity is limited to the seats provided by the manufacturer, passengers are prohibited from occupying the cargo area.
 - 3.6.3.2. Must pull over while staying on the roadway, when being overtaken by another vehicle, to allow the other vehicle to pass safely.
 - 3.6.3.3. Required to have a rear-view mirror.
 - 3.6.3.4. Operator must be able to reach the unmodified pedals while fully seated and be able to see over the steering wheel.
 - 3.6.4. Snowmobiles:
 - 3.6.4.1. All provisions of Illinois laws and regulations pertaining to operation of snowmobiles apply fully within LSA.
 - 3.6.4.2. Snowmobiles may have access to the frozen lake by the Southgate Marina boat launch, Harting Park, Birch Park, Juniper Park, Beach 2 and the Main Marina boat launch. Operation of snowmobiles and ATVs on the frozen lake shall be totally at the operator's own risk of injury or drowning. Extreme caution is urged.
 - 3.6.4.3. Snowmobiles may be operated until 10 pm on snow only. Snowmobiles may be driven after 10 p.m. only when used for transportation between member residence and the gate through designated areas.
 - 3.6.4.4. Snowmobiling will not be allowed if there is less than 3 inches of snow on frozen ground.

- 3.6.4.5. Guests may come through the main gate on non-member owned snowmobiles only when accompanied by a member and may only ride between the gate and the member residence by the most direct authorized route. A guest tag, with the member's lot number, must be on the snowmobile's handlebar. The member must also escort their guest back to the gate.
- 3.6.4.6. Snowmobiling on private lots or within non-designated LSA parks is prohibited.
- 3.6.5. Motor driven cycles:
 - 3.6.5.1. Even if the vehicle carries a state license plate it must be registered with LSA if it will be operated in LSA by an individual who has a valid state driver's license but does not have the appropriate "L" or "M" classification permitting operation on public roadways.
 - 3.6.5.2. No more than one person is allowed on any 2-wheeled motor driven vehicle (e.g., mini bike, scooter, moped) unless a second set of foot pegs are provided by the manufacturer's specifications.
- 3.6.6. ATV and UTV: No three-wheel all-terrain vehicle may be operated in LSA.
- 3.6.7. Nighttime operation (sunset to sunrise) except snowmobiles:
 - 3.6.7.1. An unlicensed motor vehicle may not be operated between sunset and sunrise, except those annually inspected and approved by LSA Public Safety for night time operation and subsequently displaying the proper LSA issued permit.
 - 3.6.7.2. Vehicle must have a full light package, including headlights, brake lights, turn signals, emergency lights and a rear-view mirror.
 - 3.6.7.3. Vehicle must have a reflective, lit lot number plate as well as reflective tape on the rear and sides of the vehicle. Golf Carts and ATV/UTVs must also have a reflective flag. It is strongly recommended that each vehicle carry a flashlight when operating after dark.
 - 3.6.7.4. Operation is allowed only on LSA owned roads and parking lots.
 - 3.6.7.5. Operators must be 18 years of age or older with a valid driver's license.
 - 3.6.7.6. Guest drivers must be accompanied by a LSA member and both must be able to produce a state issued driver's license if requested by LSA Public Safety Personnel.

4. SWIMMING, BEACH AND POOL REGULATIONS (formerly section "D")

4.1. General Swimming Regulations

- 4.1.1. Swimming in the ponds within LSA is not permitted.
- 4.1.2. It is recommended that no one should swim alone anywhere including the beach areas.
- 4.1.3. Swimming in the lake beyond 100 feet from shoreline is not permitted, except within the marker buoys at the established swimming beaches. While swimming from a boat, swimmers must stay within 50 feet of the boat.

4.2. Scuba Diving

- 4.2.1. Scuba diving can only be done with 2 or more people and they must:
 - 4.2.1.1. Have the necessary safety equipment.

- 4.2.1.2. Predesignate a diving area.
- 4.2.1.3. Notify LSA office of dive area, time, etc.
- 4.2.1.4. Diver(s) must have current certification.
- 4.2.2. Scuba divers must remain within 100 feet of the shoreline except during nonskiing hours (see 6.2).
- 4.2.3. The areas occupied by a scuba diver must be designated by proper markings such as flags or the like.

4.3. Beach Areas and Contiguous Green Areas

- 4.3.1. Specific Illinois Department of Public Health and LSA rules are posted at the beach areas and must be strictly followed.
- 4.3.2. When the lifeguards are not present, the beach areas are to be considered closed and swimming in those areas is at your own risk.
- 4.3.3. The lifeguards have full authority over the beach areas and their judgment must be respected. Report any unsafe conditions to the lifeguards. Do not carry-on unnecessary conversations with the lifeguards.
- 4.3.4. Picnicking and fires are not permitted on the beaches.
- 4.3.5. To keep the beaches safe, breakable objects must not be brought into the beach areas. All trash must be placed in containers.
- 4.3.6. Pets are not permitted on the beaches or in the Concession Stand area.
- 4.3.7. No food or drink is allowed on the LSA swim rafts.
- 4.3.8. No smoking of any substance, including tobacco, vaping and cannabis, is permitted within the sand boundaries of the beaches, including but not limited to parking lots and shade structures. Tobacco products and vaping may be used only in clearly marked, designated areas.

4.4. The Swimming Pool

- 4.4.1. Specific Illinois Department of Public Health and LSA rules are posted at the pool and must be strictly followed.
- 4.4.2. The pool may be closed at the discretion of the lifeguards during inclement weather and other emergency situations.
- 4.4.3. The lifeguards have full authority over the pool area and may suspend your pool privileges if you fail to comply with their directions or with the rules regarding the use of the pool.
- 4.4.4. It is recommended all swimmers must take showers before entering the pool.
- 4.4.5. Only persons wearing proper swimming attire (no cut-offs) will be permitted in the pool.
- 4.4.6. Children under age 10 must be accompanied by a responsible person age 13 or older. Children are not to be left unattended at any time while in the swimming pool area.
- 4.4.7. Soft balls (nerf type) and diving sticks/rings are only allowed in the shallow end of the pool. Flotation suits may be used by children accompanied by parent. All flotation devices and toys are to be lifeguard approved and, for safety factors, may

be removed at lifeguard's discretion. Water wings are prohibited at the pool due to safety concerns.

- 4.4.8. Pets, food, and beverages are not permitted in the pool area. Food and beverages should be consumed in the picnic area outside of the pool area.
- 4.4.9. Smoking of any substance, including tobacco, vaping and cannabis, is not permitted in the pool area.
- 4.4.10. To help avoid overcrowding of the pool, members are urged to limit the number of guests they bring to the pool. For a party of ten (10) or more guests, the member must obtain permission from the LSA General Manager before the party will be permitted to use the pool.
- 4.4.11. The pool may be reserved for private use with prior LSA approval.

5. BOATING REGULATIONS (formerly section "E")

5.1. General Regulations

- 5.1.1. The provisions of the State of Illinois Boat Registration and Safety Act are incorporated by reference and made applicable to LSA members as if specifically set forth in these Rules and Regulations. All boats on LSA common property or in the water must have current state/LSA decals.
- 5.1.2. Every boat operator is required to know the Boat Registration and Safety Act.
- 5.1.3. The racing of power boats is not permitted.
- 5.1.4. No boat shall be operated in any restricted areas, which are marked by buoys, or which may be otherwise so designated from time-to-time.
- 5.1.5. Docking of boats is only permitted in posted areas, on the shoreline of your lot, or on another owner's lot provided the owner has previously given written permission to you. No docking or beaching is permitted on LSA dock areas except as posted. Regulations regarding docking at the marina docks will be published in the newspaper and/or posted at those docks.
- 5.1.6. Any boat operator involved in a boating accident must report such accident to the LSA General Manager or to Public Safety personnel and may be required to fill out State Accident Form.
- 5.1.7. No person in any boat shall operate radio, stereo, or electronic device of any sound or amplification system, which can be heard 75 or more feet from the boat when boat is standing or being operated on the lake, except for emergency use or official public safety use, or by permission of the LSA General Manager.
- 5.1.8. Houseboats may not be operated on the lake nor may anyone sleep overnight on any boat.
- 5.1.9. All boats may cross the lake in the most direct manner at any given time, providing good judgement is used and the safety of others is observed. Nonmotorized boats shall have the right of way.
- 5.1.10. All craft to be operated over, on, in or below the waters of LSA must be registered with the LSA Office. Boats must comply with 5.4, Allowable LSA Boat Types, Sizes and Motor Combinations.

5.2. Registration of Boats

No more than one motorized boat of each type (power, fishing, pontoon) may be registered per lot and up to six nonmotorized boats may be registered per lot in any combination. All craft registered must be owned by the lot owner and said owner must be listed on any required watercraft registration form/card.

The Lake Summerset boat length and horsepower regulations and restrictions will be enforced based on the information provided on the state watercraft registration form/card, together with the LSA boat registration form. Boat lengths will be determined based on the feet designation (only) present on the state watercraft registration form/card. Boats with state watercraft registration forms/cards that do not provide the vessel motor's horsepower will be subject to an inspection for verification of compliance. All non-motorized vessels (canoes, paddleboards, kayaks, etc.) are required to display a LSA NONM registration decal with lot number displayed on both sides of the vessel.

- 5.2.1. All motorized boats and sailboats operated on Lake Summerset must have:
 - 5.2.1.1. A current state watercraft registration with the required decals properly displayed on the boat's hull.
 - 5.2.1.2. A current/annual certificate of liability insurance with a minimum amount of \$500,000 naming LSA as an additional insured or additional interest.
- 5.2.2. All watercraft operated on the lake, motorized or not, must be annually renewed with the LSA office. To register a boat both initially and annually, an LSA registration form (available from the LSA office or LSA [website](#)) must be completed and submitted. Registration of motorized boats and sailboats must also include:
 - 5.2.2.1. A copy of the current state watercraft registration.
 - 5.2.2.2. A current/annual certificate of marine public liability and property damage insurance, as mentioned in 5.2.1.2, if the boat is equipped with a motor exceeding 10 horsepower.
- 5.2.3. Each watercraft seasonally registered with the LSA office, in accordance with 5.2.2, shall be given LSA boat decal(s) to be displayed, with the owner's lot number, as follows:
 - 5.2.3.1. For motorized boats and sailboats (state registered watercraft), two (2) decals will be issued and they must be displayed clearly on both gunwales of the boat.
 - 5.2.3.2. For non-motorized vessels (e.g., canoes, paddleboards, kayaks, etc.) one (1) decal (LSA NONM) will be issued and it must be displayed toward the stern on the port side.
 - 5.2.3.3. For motorized boats and non-motorized vessels, LS and the member's lot number (e.g., LS 1) must be displayed on both gunwales adjacent to the stern. The size of the displayed numerals shall be the same as those for the state registration number, if one exists, and may be applied by using the conventional numerical decals available at hardware or marine stores. Such

numerals must be in a color (white or black) contrasting the hull color of the vessel to allow for easy identification of lot number.

- 5.2.3.4. Any person operating a boat not displaying a current Lake Summerset boat decal and contrasting lot number will be subject to monetary penalty and suspension of boat privileges.

5.3. Speed Limits

- 5.3.1. Boats must never exceed a speed which is safe and reasonable for the prevailing conditions and never above forty miles per hour.
- 5.3.2. No boat may exceed a slow "no wake" speed while between the shoreline and marker buoys, which ring the lake, or while in other designated restricted areas (e.g., Tamarack Bay, Birch Bay, west end past the buoys, etc.). "No wake" means flat water without any froth behind the boat.
- 5.3.3. No boat may exceed a slow "no wake" speed before 10 a.m. and after 8 p.m. on weekdays and before 10 a.m. and after 6 p.m. on Saturdays, Sundays, and Holidays in any and all areas of the lake. "No wake" means flat water without any froth behind the boat as to not disturb a boat at rest by movement of water created by a boat underway. Fast boating, skiing, etc., must be done during the middle hours, between 10 a.m. and 8 p.m. Monday – Friday, except holidays, or between 10 a.m. and 6 p.m. on Saturday, Sunday and Holidays, in the designated area, leaving the other hours for fishermen, canoeists, sailors, etc.
- 5.3.4. Traffic flow for all boats, outside the buoys and all water skiing must be in a generally counterclockwise direction around the lake.
- 5.3.5. Boats must stay at least 100 feet from a flag or buoy marking the presence of a scuba diver under the water.

5.4. Allowable LSA Boat Types, Sizes and Motor Combinations

Types	Maximum Length	Maximum Motor Size			Notes
		70hp with no C.A.R.B. rating.	75 hp with C.A.R.B. 2001 Rating (1-Star)	90hp with C.A.R.B. 2008 Rating (3-Star)	
Power Boat Including Deck Boats	18'	Allowed	Allowed	Allowed	2) 3)
Fishing Boat	18'	Allowed	Allowed	Allowed	2) 3)
Pontoon Boat	20'	Allowed	Allowed	Allowed	2) 3)
Sail Boat	20'	Allowed 10hp max			3)
Canoe, Kayak, Paddle Boat, Wind Surfer		NA	NA	NA	
Note 1)	C.A.R.B. Is an Acronym For "California Air Resources Board". The C.A.R.B. Rating and Star Labeling System Are Industry Standards for Engine Exhaust Emissions.				
Note 2)	C.A.R.B. rated motors are <i>preferred</i> on all power boats, where applicable, as it lessens pollution around the lake. They are <i>required</i> for 75hp (CARB 2001) and 90hp (CARB 2008) motors. These Ratings Apply to Both two- and four-cycle Outboard Motors.				
Note 3)	Lengths Are Defined Per Illinois State Registrations.				

5.5. Personal Watercraft

"Personal Watercraft" (PWC) refers to a motorboat that uses an inboard/outboard motor powering a water jet pump or propeller as its primary source of power and that is designed to be operated by standing on, kneeling on or sitting astride the watercraft. Personal watercraft are subject to all State of Illinois Dept. of Conservation boating regulations and LSA boating rules.

- 5.5.1. Effective June 2, 1995, no "Personal Watercraft", as described in the opening paragraph of 5.5, shall be allowed to be registered or operated on Lake Summerset. Personal watercraft previously and continuously registered with LSA shall be grandfathered so long as ownership of that PWC does not change. Ownership and use of the registered PWC cannot be transferred and the PWC may not be replaced. The rights remain with the owner, not the land

- 5.5.2. No person may operate a personal watercraft between sunset and sunrise. (Fast boating hours rule applies per 5.3)
- 5.5.3. No person may operate a personal watercraft unless each person riding on the personal watercraft is wearing a personal flotation device.
- 5.5.4. Jumping the wake of another boat is prohibited
- 5.5.5. Racing of personal watercraft is prohibited (see 5.1.3).
- 5.5.6. No person may use a personal watercraft to tow a person or any other watercraft or device.
- 5.5.7. The motor displacement on all personal watercraft may not exceed 550cc's except that all units previously registered over 550cc's will be grandfathered until such time they are replaced.

6. WATER SKIING REGULATIONS (formerly section "F")

6.1. General Regulations

- 6.1.1. The provisions of the State of Illinois Boat Registration and Safety Act have been adopted by the Board to be applicable to all water-skiing activities on the lake. Water skiing shall be defined to include the usage of towable devices such as tubes, kneeboards, etc., used to carry a person or persons on the water. The skier towing flag must be bright orange and at 12 x 12 inches in size and displayed from the highest point around the vessel's Helm. The flag may not be used for any other purpose. Any violation of State law is a violation of these regulations.
- 6.1.2. Neither a boat towing a skier nor the towed skier may enter any "no wake" restricted areas marked by buoys or which may otherwise be so designated from time to time.
- 6.1.3. All skiers must remain 50 feet outwardly of buoys and other markers designating restricted areas.
- 6.1.4. Kites, jumps and slalom courses are prohibited unless express written permission is first obtained from the LSA General Manager.
- 6.1.5. The intentional "dropping" of one or more skis is not permitted except within 50 feet outwardly of the buoys along that shore where an in-shore wind prevails at the time.
- 6.1.6. Because skiing is not permitted within the marker buoys, which ring the lake, ski "starts" and "stops" must not begin or end at the shoreline or a dock.
- 6.1.7. Simultaneous towing of more than one skier, tube or similar device is prohibited on all Saturdays, Sundays, and holidays.
- 6.1.8. LSA Public Safety may advise boaters to terminate any activity due to heavy traffic or other unsafe conditions.

6.2. Hours for Skiing

No water skiing may take place before 10 a.m. and after 8 p.m. on weekdays and before 10 a.m. and after 6 p.m. on Saturdays, Sundays and holidays. Illinois law prohibits water skiing after sunset.

7. FISHING REGULATIONS (formerly section “G”)

- 7.1. The regulations of the State of Illinois pertaining to fishing are hereby incorporated by reference and made applicable to LSA members as if specifically set forth in these Rules and Regulations and are applicable to all fishing activities at LSA. Thus, Illinois regulations governing fishing licenses, seasons, limits, legal sizes, etc. must be observed along with all LSA Fishing Rules and Regulations as published in the latest revision of the LSA Fishing Rules and Regulations Pamphlet. This pamphlet is available on the official LSA [website](#) (under COMMITTEES – FCC), at the main entrance guard house and at the LSA Main Office Building.
- 7.2. Members and their guests, by fishing the waters of Lake Summerset, shall be deemed to agree to allow inspection of bait, equipment, creel, boat, cooler and any other equipment, by LSA Public Safety personnel or other staff, upon request. No guest or member is, or shall be, required to stop or be detained for such inspection against his or her will, but failure to allow inspection upon request shall constitute a violation of these rules and subject the member to a fine.

8. TENNIS COURT REGULATIONS (formerly section “H”)

- 8.1. Occupancy of any tennis court must be relinquished on the hour when other players are waiting for a tennis court. This rule applies no matter how short a period the players have been on a court.
- 8.2. When there are players waiting and every court is occupied, those who have been on a court the longest time must give up their court first.
- 8.3. If no players are waiting, players may continue to play.
- 8.4. Additional or modified rules may be posted at the tennis courts.

9. LODGE REGULATIONS (formerly section “I”)

- 9.1. In general, you should treat the lodge as you would your own home.
- 9.2. All posted rules regarding use of the lodge must be strictly followed.
- 9.3. No person in bathing attire or with bare feet is permitted in the main room of the lodge. Ice skates may not be worn in any part of the lodge.
- 9.4. No food is to be prepared or served in the lodge kitchen facilities and main room unless written authorization is first obtained from the LSA office except in cases of social functions organized and conducted by LSA committees for the whole membership.
- 9.5. No smoking of any kind, tobacco, vaping or cannabis, may be done inside the building or on any portion of the front patio area or rear decking. Smoking of tobacco and vaping may be done in clearly marked designated smoking areas in the green space off of the rear deck of the Lodge.
- 9.6. To use the lodge and the attached kitchen facilities for a “private” function, a member must request and obtain a permit from the LSA office. This request should be made well in advance of the desired use date. Other need-to-know items when planning to use the lodge for a private function are as follows:
 - 9.6.1. The LSA office will provide a copy of the sub-regulations regarding reserved use of the lodge

- 9.6.2. A standard rental fee and separate guarantee of payment for damage will be assessed.
- 9.6.3. If alcohol is to be served, an insurance policy reflecting liability coverage in amounts and terms as established by LSA shall be presented to the LSA office at least one month prior to the event.
- 9.6.4. No reserved private party's use of the lodge will be permitted that conflicts with any regularly scheduled LSA activity such as committee and/or club meetings or social affairs.

10. CAMPING AND PICNICKING REGULATIONS (formerly section "J")

- 10.1. Camping is permitted only in the designated campground area. Anyone wishing to camp overnight must register with the Campground Host; or if not available, with the guard house or LSA office.
- 10.2. No car, truck, or trailer may be driven on a picnic area or any other green area in LSA.
- 10.3. In the camping area, vehicles must keep to the roads and campsite parking spaces and must display either an LSA decal or guest identification slip. Campers may park on green areas only when other parking is unavailable. Acquiring recommendations from the Campground Host is suggested.
- 10.4. All fires in the camping and picnic area must be contained in a suitable receptacle and must be fully extinguished when the party departs.
- 10.5. All campers and picnickers must place garbage and debris in containers provided in the camping and picnic areas and these areas must be left in a clean condition.
- 10.6. Detailed sub-regulations are available from the LSA office, LSA [website](#) and are posted at the campground. These sub-regulations must be followed.

11. PROPERTY MAINTENANCE REGULATIONS (formerly section "K")

- 11.1. All lots must be mowed and kept free of the unsightly growth of vegetation and weeds including the immediate area around parked boats/boat trailers and popup camping trailers. Substantial monetary penalties, including the cost of the LSA having the lot mowed, will be imposed upon those members who violate this rule and fail to keep their lots mowed to standards published in the newspaper. Guidelines are available at the LSA office.
- 11.2. No owner of any lot in Lake Summerset may burn garbage, trash, leaves or other refuse out of doors per Bluebook 4.E & 4.F.
- 11.3. Personal household refuse is not to be emptied into LSA trash containers.
- 11.4. Consistent with the Illinois Environmental Safety Lawn Care Products Application and Notice Act of 2010, no phosphorus-containing fertilizer shall be applied to lawns within Lake Summerset, except in the case of new lawns, only lawn "starter" fertilizers shall be allowed.
- 11.5. No weed killers, pesticides, or aquatic plant killers may be applied to or used in Lake Summerset waters unless written approval is provided by LSA.
- 11.6. LSA recognizes that title to lots within the Development may be transferred to strangers through tax deeds in the event that real estate taxes levied upon such lots have not been paid. To prevent such transfers of title to persons who may not have applied for

membership in LSA, it is required that all lot owners pay such real estate taxes when due. In the event of a tax sale all privileges of membership of that lot owner are revoked.

12. MISCELLANEOUS REGULATIONS (formerly section “L”)

- 12.1. Littering is prohibited anywhere within LSA. Pet waste will be considered litter.
- 12.2. Gasoline, oil, chemical or human waste and trash must not be dumped in any LSA area. Do not pollute.
- 12.3. No burning (as specified in Bluebook section 4.E.) is allowed except recreational burning as follows:
 - 12.3.1. Brush (tree trunks, limbs, branches, and twigs) may be burned in a controlled condition. No yard waste is allowed.
 - 12.3.2. A Controlled condition requires a method of containment of the fire (non-combustible material used as a surround not to exceed six (6) feet in diameter).
 - 12.3.3. The fire must not be left unattended at any time.
 - 12.3.4. Some form of fire extinguishing device must be available at the burning site.
 - 12.3.5. Other burning is only allowed by special written permission from the Manager.
- 12.4. No hunting or trapping is permitted in LSA, except by special written permission from LSA.
- 12.5. No firearms, BB guns, pellet guns, fireworks, slingshots, or other missile hurling devices may be discharged within LSA unless approved by LSA.
- 12.6. Smoking of cannabis is not permitted on any LSA property, including but not limited to parks, shelters, recreational courts, marinas, beaches, and roads.
- 12.7. The use of archery devices is restricted to only the LSA approved range.
- 12.8. No animals shall be regularly kept or maintained on any lot in LSA except the usual household pets.
 - 12.8.1. These pets must not be allowed to roam.
 - 12.8.2. No pets are permitted inside the Lodge or in the pool and beach areas.
 - 12.8.3. All pets in public areas must be on a leash.
 - 12.8.4. All stray pets should be reported to the LSA office, LSA Public Safety.
 - 12.8.5. Lake Summerset requires that pets have a rabies’s tag and owner’s identification tag.
- 12.9. No member or guest may willfully steal, damage, destroy or vandalize any LSA property or private property.
- 12.10. Playing, running, sliding, or sledding on the back slope of the dam is prohibited. Riprap rocks on the dam must not be disturbed.
- 12.11. No rocks at any shoreline location may be thrown into the lake.
- 12.12. Any form of verbal or physical abuse or threat directed toward an LSA employee, staff or other person is unacceptable and is subject to a fine.
- 12.13. No activity may be conducted that is or might become a danger or an unreasonable annoyance or nuisance to other members.
- 12.14. Anyone creating graffiti will be fined.
- 12.15. Camping tents with a sleeping capacity of up to four (4) persons may be used on a homeowner’s lot under the following conditions:
 - 12.15.1. No more than two (2) tents may be in place at any one time.

- 12.15.2. Tent(s) may not be in place for more than two (2) consecutive nights. The use of tents for any other purpose must first have approval from the LSA General Manager.
- 12.16. Feeding the ducks and geese is prohibited.
- 12.17. Any individual under age 18 that is found in possession of spray paint in LSA, other than on their own property or in the company of a responsible adult, will be fined.
- 12.18. In accordance with 235ILCS5/620, any individual under the age of 21 that is found in possession of or consuming alcohol on LSA common property will be subject to a fine. The fine amount and applicable penalties shall be determined by LSA.
- 12.19. All Curfew Laws of the State of Illinois are hereby made a part of Lake Summerset Regulations. In summary anyone under the age of 17:
 - 12.19.1. Must be home by 11 pm Sunday through Thursday
 - 12.19.2. Must be home by 12 midnight Friday and Saturday.
 - 12.19.3. Exceptions include when a parent or guardian is with the minor or when school, religious, or job-related activity requires a minor to travel after curfew.
- 12.20. The driver's license of anyone under 18 years of age, will be invalid for the operation of any motor vehicles as follows:
 - 12.20.1. Between 10 pm and 6 am overnight Sunday night through overnight Thursday night.
 - 12.20.2. Between 11 pm Friday and 6 am Saturday.
 - 12.20.3. Between 11 pm Saturday and 6 am Sunday.
 - 12.20.4. The exceptions are the same as Illinois State Curfew Laws.

13. ENFORCEMENT OF REGULATIONS AND RESTRICTIONS (formerly section "M")

LSA staff will be given power to enforce the Restrictions (Bluebook) and Regulations (Redbook) and to issue citations for violations. These "enforcement personnel" will carry identification as evidence of the authority which has been delegated to them by LSA. The LSA Environmental Control Committee personnel (LSA ECC) will wear a bright yellow-green reflective safety vests with ECC on its back.

The job of the staff is to preserve order and maintain conditions which are pleasant and enjoyable to the members of LSA. Members and guests should respect and comply with their instructions. Interference with their duties or failure to comply with their instructions may result in issuance of a citation and fine. If a member believes LSA staff has been unfair or unreasonable, a written protest can be filed at the LSA office.

If a member or any entrant authorized by a member is cited for a violation, the member will later receive a written notice from the LSA General Manager specifying the time, place and details of the violation and designating any fine or other penalty which has been imposed.

In 2013, the Illinois Supreme Court affirmed the authority of Community Associations such as LSA to enact and enforce rules and regulations as a voluntary association. Additionally, the Court held that a private public safety officer does not commit false imprisonment when such acts are committed on the basis of a strong and honest suspicion that LSA rules are being violated. LSA wishes to make clear to all of its members that LSA Public Safety personnel

and other staff do not have and cannot exercise arrest powers. However, as a matter of LSA rules and regulations and not as a matter of Illinois Criminal law, all LSA members and, through them, their guests are required to stop and give information or allow inspection upon request of LSA Public Safety personnel or other staff. Refusal to do constitutes a violation of LSA Rules and Regulations and may result in a fine of and enforcement as set forth in this, Section 13, of the Redbook.

Although the entire LSA area is privately owned property, all law enforcement officers and federal authorities, and their agents, have the power to enter, make arrests, and conduct official business. This includes access for criminal and civil action including investigative procedures. Members are not immune from law enforcement authorities and their agents, whether federal or local. Any member or guest may call in or lodge complaints with such authorities under appropriate circumstances.

13.1. Procedure for Requesting a Citation Review

- 13.1.1. If after receiving notification of a citation a member desires to appeal the citation before a Citation Review Panel, the member shall, within fifteen (15) days after the date of such notification, submit a written request to the LSA office staff to schedule a hearing.
- 13.1.2. Citations related to dead trees and grass height shall be brought directly to the LSA General Manager, bypassing the Citation Review Panel. Issues involving the height of grass will be reviewed immediately.
- 13.1.3. The member shall provide written documentation of reasons for disputing the citation and names of supporting witnesses, if any, to participate in the appeal hearing.
- 13.1.4. Within fifteen (15) days thereafter, the LSA office staff shall provide written notice of receipt of the request for an appeal and advise the member of a mutually agreed upon date, time and location for the hearing.
- 13.1.5. Upon request, the LSA office shall provide to the member any documentation in the Citation Review Panel file supporting the original citation. Witness names and the names of those providing written statements, along with their addresses, shall be redacted.
- 13.1.6. Any oral presentations by the member and their witnesses to the panel shall be limited to a total of five (5) minutes.

13.2. Procedure for Requesting a LSA Board of Directors Special Hearing

If a written protest and/or a request for a hearing before the Community Relations Citation Review Panel is not received to the LSA office within fifteen (15) days, the fine or penalty so imposed will be deemed incontestable. Fines will become part of the LSA assessments against the member's property upon issuance. If the fine is protested and later waived by the review panel, the fine will be removed from the member's account (see 13.1).

Any fine so levied and not protested or which is made final by the Review Panel, after protest and/or hearing, is payable after it becomes incontestable or final. (See article VII By-Laws LSA available on the LSA [website](#) under GOVERNANCE) Fines will be published in the LSA newspaper.

The member may, within fifteen (15) days after a Citation Review Panel decision (or in the case of a decision by the LSA General Manager related to dead trees or grass/mowing citation), make a request for a special hearing before the LSA Board of Directors by submitting a written request to the LSA General Manager giving the member's reasons for disputing the decision of the Citation Review Panel or the LSA General Manager.

- 13.2.1. The Citation Review Panel Moderator shall make available to the LSA General Manager all available evidence including proceedings of the Citation Review Panel hearing, citation/incident report, testimony of witnesses, etc.
- 13.2.2. The LSA General Manager shall present the request for a special hearing and all evidence to the LSA Board for its review and determination as to whether or not to hear an oral appeal.
- 13.2.3. Appealing member shall be notified in writing of the Board's decision. If a hearing is granted, the notification shall include the date, time and location of said hearing.
- 13.2.4. Only those witnesses who testified and evidence submitted before the Citation Review Panel may be present during a Board appeal hearing.
- 13.2.5. A citation appeal before the LSA Board shall be upheld or denied by a majority vote of the Board members hearing an appeal.

13.3. Liens for Unpaid Fines

Fines levied for a violation of any of the Rules and Regulations set forth in the Redbook which become incontestable or which are upheld by the Community Relations Citation Review Panel, as the case may be, may, at the option of LSA, be subject to claim for lien in the same manner as provided for delinquent LSA annual dues. Such lien may be separately claimed and filed for record or may, at the option of LSA, be combined with the offending member's next payable annual dues thereafter and treated for all purposes as additional annual dues.

13.4. Charge for Lien

Whenever a lien is imposed on a residential lot in LSA, on account of delinquent annual dues, an unpaid fine for violation of a Rule or Regulation set forth in the Redbook, or otherwise, the owners of the affected lot shall in addition to all other sums, be liable to LSA for the administrative costs in lien preparation, filing and the furnishing of a release of lien upon payment of all delinquent amounts. If a lien released is reissued, an additional sum is owed.

13.5. Late Fees

A late fee will be assessed on all payments received after March 1 of any year (per Bluebook 9.C.ii), unless a periodic payment arrangement has been established. Said charge shall be in addition to any other remedies afforded to LSA and shall not be deemed exclusive of other remedies.

14. CROSS-REFERENCE TO RECORDED DECLARATION OF RESTRICTIONS (BLUEBOOK) (formerly section “N”)

As mentioned in the Introduction, Section 1, LSA members should become familiar with the Declaration of Restrictions ([Bluebook](#)), which are a part of LSA Regulations. If a member intends to build any type of structure or improvement on their lot, they should give careful advance consideration to the Bluebook Restrictions. This includes such things as retaining walls, berms and drainage projects. Plans and an application for a building permit must be submitted and advance approval received from the LSA Environmental Control Committee (LSA ECC) before construction begins. Building and/or improvement packets, which explain requirements, are available at the LSA office.

In addition to the building provisions, the Bluebook Restrictions contain certain provisions relating to day-to-day activities at LSA and not all of the latter provisions have been repeated in these Redbook Regulations. For these provisions, please read the Bluebook, By-Laws, Standing Rules and especially note the following from the Bluebook:

- Section 2.G - Maintenance of Lots and Improvements
- Section 2.H - Association's Right to Perform Certain Maintenance
- Section 4.I - Removal of Trees
- Section 4.K - Docks, Piers, etc.
- Section 4.L - Ditches and Swales
- Section 9.C - Power of LSA to Levy and Collect Charges, and Impose Liens
- Section 9.E - Suspension of Privileges of Membership
- Section 10 - Speed Limits

15. BUILDINGS AND IMPROVEMENTS REGULATIONS SUMMARY (formerly section “O”)

15.1. General Criteria

- 15.1.1. All houses, house additions and/or property improvements must comply with the restrictions in the LSA Bluebook.
- 15.1.2. No house, addition or improvement may be built or placed on any lot without ECC approval. Said house, addition, or improvement such as a shed must be in harmony with the general surroundings of the lot, adjacent buildings and/or structures. A new house should not closely duplicate an existing house within 400 feet. (This item is also covered in the LSA Bluebook)

- 15.1.3. For consideration of construction, the ECC requires three (3) sets of construction plans and three (3) plot plans. Please check with LSA office for procedure.
- 15.1.4. For consideration of construction, the ECC requires one copy of a certified topographical survey be submitted with plans for any new home or building addition.
- 15.1.5. Any tree, with a trunk diameter greater than three-inches at four-feet above the ground, planned for removal must have prior written approval of the ECC or will be subject to a fine (Fees and Fines schedule available from the LSA office or LSA member [website](#)).
- 15.1.6. Any construction started before posting of a building permit will result in a fine, plus the cost of permit fees, and a stop on construction (Fees and Fines schedule available from the LSA office or LSA member [website](#)).
- 15.1.7. Where required by ECC, contractors or homeowners shall install acceptable siltation barriers and maintain same until grass is established for the following improvements: houses, house additions, garages, ditches, berms, swales, lake front stabilization or landscaping.
- 15.1.8. Contractor working hours shall be limited to 7am to 7pm on most days and 8am to 4pm on Sundays and Holidays where being performed results in disruptive or excessive noise. Restricted work outside of these time constraints includes but is not limited to heavy equipment use, pile driving, lawn mowing and leaf or grass blowing.

Please note- It is the obligation of the LSA Property owner to ensure they and/or their contractor(s) comply with the Redbook requirements. Further, it is the property owner's responsibility to ensure that they and/or their contractor(s) contact the ECC for the required inspections for their specific project. The LSA office will note the dates and times of inspection requests on the approved project packet. The specific project inspection report form will have the inspection date and result of the inspection phase.

15.2. House

- 15.2.1. New houses are expected to be wood/metal framed (sometimes referred to as "stick-built"), prefabricated or log cabins using the current building codes adhered to by Winnebago County Illinois independent of the house being located in Winnebago or Stephenson counties. Houses built using repurposed Intermodal Shipping Containers or other repurposed materials are prohibited.
- 15.2.2. For consideration of construction, the ECC requires one copy of a certified topographical survey must be submitted with plans for any new home or building addition.
- 15.2.3. House plans must show all exterior elevations with all exterior materials and colors specified. All dimensions must be shown. Additionally, the following must be included, if applicable, on any plans for a new home, building addition, garage or shed:
 - 15.2.3.1. Concrete footing and wall details including appropriate reinforcement placements.
 - 15.2.3.2. Concrete floor details including any required reinforcing wire mesh.

- 15.2.3.3. Wall section showing details including, but not limited to, size of lumber to be used for walls, rim boards, joists, rafters, trusses (including truss manufacturer's design load information), insulation, venting, etc.
- 15.2.3.4. Complete electrical layout.
- 15.2.3.5. HVAC supply and return layout.
- 15.2.3.6. Types and colors of roof and siding.
- 15.2.4. The original and finish grade lines must be shown, and the lot stakes must be marked to show the finish grade lines. It is recommended that grade lines to lot sidelines should not slope more than 1.5 inches per foot.
- 15.2.5. No more than 12 inches bare cement on foundation or retaining walls may be exposed.
- 15.2.6. Maximum height of exposed metal smoke stacks must comply with current International Fuel Gas Code (IFGC).
- 15.2.7. Culvert diameter and length will be determined by the ECC.
- 15.2.8. No extensions or protrusions such as porches, decks, LP tanks or air conditioners may extend into the setback areas. LP tanks are to be shrouded from view of the neighboring lots and LSA streets by a natural barrier. Use of a manmade barrier requires approval from the ECC.
- 15.2.9. Plans should make allowance for future garages, decks and porches.
- 15.2.10. The lot must be staked showing the location of the proposed house, building addition and/or shed or detached garage. An onsite inspection by a representative of the ECC will be necessary before approval. Lot boundary marker location is the responsibility of the applicant. As applicable, no LSA building permit will be posted until the legal corners of the lot are clearly marked per ECC guidelines.
- 15.2.11. Owner or contractor must provide a security deposit which will be refunded in full on completion, if no violations occur (Fees and Fines schedule available from the LSA office or LSA member [website](#)).
- 15.2.12. The owner and contractor (or just the owner if no contractor is involved) must review, sign and submit completed forms from an application package provided by the LSA. These forms could include an application for ECC approval, a deposit authorization, and/or schedules for building fees and fines.
- 15.2.13. County and LSA building permits must be posted before construction begins.
- 15.2.14. House numbers using American decimal system numbers no less than four inches high and in a contrasting color to the house must be installed on all new houses. On all existing houses that do not have numbers, numbers must be installed within sixty (60) days after change of ownership.
- 15.2.15. Manhole lids must not be covered. If adjustment to height of manhole frame and lid is required, OCLUD can coordinate having this done, at homeowner's expense.
- 15.2.16. There can be no more than two unsold spec homes per contractor. When one sells, another can be erected. Spec homes must be approved per existing ECC requirements then go to the LSA Board for approval.
- 15.2.17. The minimum living space elevation for the construction of new lakefront homes, additions to existing lakefront homes and structures on LSA property above the LSA dam shall be at an elevation of 830 feet above mean sea level.

15.3. Additions and Improvements

All additions and improvements must comply with the same basic setbacks as houses per the LSA Bluebook.

Any addition or improvement not specifically covered below is still subject to consideration for ECC approval.

Additions or improvements to existing houses that require a building permit, (e.g. deck, porch, or any other structure added to but not included on the original house or plot plan on file with the LSA office), may also require a security deposit at the discretion of the ECC to be retained until final inspection is completed (Fees and Fines schedule available from the LSA office or LSA member [website](#)).

Setback rules defining buildable area are defined in the LSA Bluebook 2.B. The “Line of Sight Rule”, Bluebook 2.B.v, is only applied on lakefront lots.

15.3.1. Garage:

15.3.1.1. No garage will be approved unless the lot for which it is proposed has an existing house. The garage must be compatible with the architectural design of the existing house.

15.3.1.2. An attached garage must be on a permanent foundation with footings 42 inches deep that are reinforced with the appropriate reinforcement. Foundation walls must be pinned to existing home’s foundation wall. A detached garage may be on a permanent foundation or on a concrete floating slab at least 4 inches thick with outer edges being 14 inches minimum depth. All concrete slabs must be reinforced with the appropriate reinforcement. Floor drains in a garage are not permitted.

15.3.1.3. Any wood frame garage must be of at least 2 x 4 construction.

15.3.1.4. The garage roof must be same as existing house with same pitch.

15.3.1.5. The roof shingles must be the same color and of similar style to existing house.

15.3.1.6. The siding must be the same color and of similar style to existing house. For garages of brick homes, the siding must be of similar color and of material that projects the style of the house. The garage building trim color must match the house trim color.

15.3.1.7. All utilities to a detached garage shall be underground or within the structure or combination of both.

15.3.1.8. Garage construction shall comply with Winnebago County building codes.

15.3.1.9. Spec houses must construct an attached garage at time of house construction.

15.3.1.10. If an electrical system for charging of electrical vehicles (EV) is to be installed during new construction, the owner must provide ECC with plans for the system which must follow all [current and applicable Winnebago County Building Codes] for this type of installation.

Before the LSA ECC conducts a final inspection of the garage project having an Electrical vehicle charging station, the garage and said station must have

passed the Winnebago County's Building Department's inspection if the project is located within Winnebago County's jurisdiction. If said garage project is within Stephenson County, the garage and charging station system must pass an inspection by the LSA ECC.

15.3.2. Shed:

- 15.3.2.1. The shed is limited to a minimum footprint of 100 square feet and a maximum of 240 square feet. A storage building with a footprint larger than 240 square feet will be considered a garage.
- 15.3.2.2. Metal, plastic and/or resin sheds are prohibited. Sheds with flat roofs are also prohibited.
- 15.3.2.3. A shed that is a complete commercially made unit whose primary structure is made of natural material(wood) and is complete with roof, walls, floor, doors, windows and/or skylights will be reviewed and may or may not be approved by the ECC. The siding and roof color and styles are predetermined by the manufacturer. For approval consideration, these will have to have colors very similar to the home on the lot where this type shed is proposed to be installed.
- 15.3.2.4. A shed that is constructed of wood must have, as a minimum, 2 x 4 studs, plates and rafters/trusses used in the construction.
- 15.3.2.5. Siding and roof colors of the shed must closely match the roof and siding colors of the house.
- 15.3.2.6. Owners are urged not to attach the shed to the house and/or garage and, whenever possible, not place the shed any closer than 10 feet from the home. Doing contrary to either recommendation could create a potential fire safety issue.

15.3.3. Dog Run:

- 15.3.3.1. Plans for construction of a dog run are subject to consideration for ECC approval.
- 15.3.3.2. The dog run can be constructed only on a lot that already has an existing residence and may not be placed in the setback areas.
- 15.3.3.3. The dog run should be in back of house or behind garage out of sight and shall have a minimum footprint of 100 square feet and 240 square feet maximum. Detailed plans must be submitted.

15.3.4. Deck and Porch:

- 15.3.4.1. Decks and porches may not extend into the setback areas.
- 15.3.4.2. Decks should be constructed to blend with and enhance the house.
- 15.3.4.3. Deck designs shall conform to the current Winnebago County Building Code. All designs must have readable plans prepared for the ECC's review.

15.3.5. Dock and Pier:

- 15.3.5.1. Docks, piers and boatlifts may not extend into the lake beyond 15 feet from the platted lot's existing shoreline. The ECC will inspect to ensure compliance.
- 15.3.5.2. Docks, piers, boatlifts and other watercraft storage racks such as those for canoes and kayaks may not be placed within 10 feet of the adjacent lot sidelines. Furthermore, watercraft storage racks located on land may not be placed within 10 feet of the shoreline. The ECC will inspect to ensure compliance.
- 15.3.5.3. Lot numbers using American decimal system numbers and at least four inches in height clearly visible from lakeside are to be displayed on the ends of the docks and piers so they are visible from at least 25 feet.
- 15.3.5.4. The following dock and pier restrictions shall apply to lots 1 thru 4 on the south shore and lots 208 thru 214 on the north shore:
 - 15.3.5.4.1. Existing lake frontages are grandfathered, but when redone shall comply with new requirements.
 - 15.3.5.4.2. All piers and decks that are cantilever shall be cantilevered 3 feet or less beyond the shoreline.
 - 15.3.5.4.3. In situations where it is necessary to exceed the above limitations, the piers and decks shall be removable.
 - 15.3.5.4.4. Boat lifts shall be placed parallel to the shoreline or placed in inlets cut into the shoreline so that the boat lift doesn't extend any more than 10 feet from water's edge (shoreline).
- 15.3.6. Screened Patio Enclosure:
 - 15.3.6.1. If of permanent nature, their colors must blend with the house and be on a permanent foundation. Their structural and appearance details must be submitted for ECC approval.
 - 15.3.6.2. If temporary, their structure and appearance details must be submitted for ECC approval. A permanent foundation is permitted but not required for this type structure. The structure must be securely mounted to the base upon which it is placed.
 - 15.3.6.3. Screened patios are excluded from the application of the Line-of-Sight Rule.
- 15.3.7. Satellite Dish/Antenna:
 - Plot plan must be submitted to ECC for any receiver or antenna not attached to the house.
- 15.3.8. Solar Panels:
 - 15.3.8.1. System Design and Placement Requirements:
 - 15.3.8.1.1. The proposed system must meet applicable State of Illinois, Winnebago and Stephenson County health and safety standards, requirements as imposed by State and County permitting authorities.
 - 15.3.8.1.2. The proposed system must meet all applicable installation and performance standards established by the International Building Codes 2015 International Solar Energy Provisions, International Fire Code, and accredited testing laboratories, such as Underwriters Laboratories.

- 15.3.8.1.3. Only roof-mounted system shall be installed so as to minimize its line-of-sight exposure when viewed from LSA roads/streets, neighboring lots and association properties (such as common areas).
- 15.3.8.1.4. Any roof mounted system can only have solar panels that are determined to be non-reflective, non-glare.
- 15.3.8.1.5. Any system component mounted outside the home such as inverters, switchgear, cooling fans, etc., are to have a dB level at or below 50dB at the unit's location.
- 15.3.8.1.6. Any system panel, mounted on front or side-facing roof surfaces, which are visible from areas open to common access and neighboring lots, must be mounted in the plane of the roof surface while minimizing stand-off distance from the roof. The top edge of the solar panel may not extend above the roof peak nor may its sides extend beyond the roof side edges (fascia).
- 15.3.8.1.7. All system panels must be located entirely within a boundary defined by the roof eaves and peak. The underside of the panels shall not be able to be viewed from areas open to common access or neighboring lots.
- 15.3.8.1.8. Small solar panels, such as those used for landscape lighting, will be considered for placement in the front or side of the house on a case-by-case basis and judged on its own appearance merits as to the visual harmony of the Lake Summerset community. This does not apply to the small, individual, stand-alone units that can be pushed into the ground adjacent to flower beds, sidewalks, etc.
- 15.3.8.1.9. A solar energy panel frame, any and all support brackets and attendant hardware, or any visible piping or wiring to be either powder-coated finished (dull) to coordinate with the roofing material and/or finished so as not to be reflective and not be a color that contrasts with the color of the host-home's roof.
- 15.3.8.1.10. If the system is used to heat water, it must be certified by a recognized solar rating certification corporation or another nationally recognized certification agency.
- 15.3.8.1.11. In consideration of neighboring property's safety, the home with the solar energy system installation must ensure that it is securely mounted to the roof to prevent movement and/or separation during normal weather events, including snow and icing conditions which may put additional shear loads upon said mountings and related surfaces. The system must have at least a ninety (90) MPH wind rating.

15.3.8.2. ECC Solar System Application Requirements:

- 15.3.8.2.1. The appropriate County building and solar installation permits.
- 15.3.8.2.2. Plans showing the system's actual location and probable visibility of the system from areas open to common or public access (that is, streets, neighboring lots and homes, or LSA properties/common areas).
- 15.3.8.2.3. An understandable and readable drawing (with dimensions) showing the proposed location of the system on the roof of the home must be

provided. The drawing must also show how the equipment will be mounted, as well as a description of any visible auxiliary equipment with its location and mounting methodology.

- 15.3.8.2.4. A certified statement from a licensed architect, addressed to the LSA ECC, showing the applicant's home's roof will be able to withstand the additional load imposed upon it by the added system's weight and wind loads.
- 15.3.8.2.5. Manufacturer literature must provide information about the proposed systems specifications, components, evidence of a testing laboratory's approval, acceptable mounting standards, color, materials system is made from and fire safety information.

15.3.9. Shoreline Stabilization:

- 15.3.9.1. All stabilization work of any type must be approved by the ECC and the Army Corps of Engineers. No digging, filling or construction may begin until a permit is placed on the property. A plot plan showing an overview of the project with all dimensions shown and a plan showing a cross section of the work will be required. A security deposit will be required.
- 15.3.9.2. Placing any material (i.e., sand, gravel, rocks), directly into the lake or on the lake shore where they can be washed into the lake by the wave action or storm water runoff is prohibited without obtaining a permit from ECC. Existing private sand beaches are grandfathered. However additional sand may not be placed on these beaches without installation of a solid permanent barrier approved by the ECC parallel to the lake shore that will prevent sand from being washed into the lake by wave action or storm runoff water. A solid barrier parallel to the lake is required for all new lakeside sand boxes.

15.3.10. Snow Fence:

Request must be made to LSA General Manager for approval each year. Indicate where it will be located on your lot. It may be erected after October 31 and must be removed by April 1.

15.3.11. Composting:

Information can be obtained at the LSA office.

15.3.12. Lakeside Storage Container:

Plans must be submitted to ECC for approval. Container should be temporarily affixed, removable when necessary. Maximum dimensions: Length – 72 inches, Width – 36 inches, Height – 30 inches. Color to be earth tone. Non-metallic material shall be used. Limit of two (2). Existing containers prior to this rule are grandfathered but can only be replaced per this rule.

15.3.13. Pond:

- 15.3.13.1. Ponds, as part of a landscaping scheme, must be approved by the ECC and a permit for their construction issued. Submit drawings. Ponds may not be

greater than 24 inches in depth, may not exceed 144 square feet in total area and may not be in a building setback.

- 15.3.13.2. Electric service shall be a minimum of 12 inches underground and originate in a GFI outlet per code. Ponds placed in adjacent owned lot must be removed if and when lot is sold.

15.3.14. Outdoor Hot Tub:

15.3.14.1. Must be installed on a stable surface, such as concrete pad or paver blocks. Decks intended for supporting a hot tub shall have sufficient structural integrity for supporting the intended full load weight of the hot tub.

15.3.14.2. Must be wired in accordance with the National Electrical Code. A disconnect is required for the electrical supply wires and must be at least 5 feet but not more than 50 feet from the water's edge and within sight of the hot tub. The electrical supply for the hot tub shall be GFCI protected. For cord- and plug-connected hot tubs, the cord shall not be more than 15 feet long and its electrical supply shall be GFCI protected.

15.3.14.3. At least one (1) GFCI protected electrical receptacle must be located between 6 feet and 20 feet from the inside wall of the hot tub. No other receptacles can be less than 6 feet from the inside wall of the hot tub.

15.3.15. Lake Mat:

These are mats specifically designed to be submerged in the lake for weed control. Plans providing the type of mat, mat manufacturer, proposed location of the mat (drawing), current type of shore stabilization and plan for securing the mat must be submitted to the ECC for approval.

15.4. Specific Restrictions

15.4.1. Swimming Pool:

Neither in-ground nor aboveground swimming pools may be installed at any time. Exception: Wading pools with sidewall not to exceed 12 inches in height and with no motorized filter or pump and no ladder or steps for entry.

15.4.2. Aquatic Aerator and Pump:

The use of aerators, pumps and heating systems is prohibited in the lake from October 31st thru April 30th. Operation of this equipment has proven to inhibit the ability of the lake surface to freeze properly causing open water and unsafe ice for some distance from the open water thereby creating a potential safety hazard for winter activities on the lake.

15.4.3. Septic Tank:

No septic tanks may be installed or used in conjunction with member lots, residences, or buildings within LSA. Temporary portable facilities are permitted for new construction.

15.4.4. Vapor Lamp:

Sodium vapor, mercury vapor and similar vapor lamps shall not be operated out of doors on any private lots in LSA.

15.4.5. Outdoor Woodfired Furnace and/or Boiler:

No person shall install, use, or maintain an outdoor wood-fired furnace or boiler intended for heating a house or other building on a lot within the development of the Lake Summerset Association.

15.4.6. Natural Material Fence:

Earthen, rock, or live vegetative material which serves the purpose and has the practical effect of constituting a “fence” or of substantially interfering with the view of Lake Summerset from adjoining property, shall be deemed to constitute a “fence” within the meaning of the prohibition in the Bluebook and shall not be permitted, except pursuant to exception granted by the ECC as set forth under Section C “Fences” in the LSA Bluebook.

15.4.7. Ground-Based PV System: No person shall install a ground-based PV system (solar panels, etc) on a lot within the LSA unless it is rated 30V or less as in the case of a small panel specifically for charging a battery powered boat lift or for solar landscape lighting.

15.5. Level of LSA Environmental Control Committee (ECC) Involvement

15.5.1. ECC Approval, Permit, Lot Pin Locations, Plot Plan and Security Deposit are required:

- New Home
- Home Addition
- Garage – Attached/Detached
- Deck, Porch, & Patio – New and replacement
- Gazebo
- Storage Sheds
- Shoreline Stabilization
- Dock/Pier
- Three/Four Season Room – line of sight required on lakefront
- Permanent Screen House
- Pond
- Lakefront Boardwalk, Patio and Retaining Wall (within 20 feet of shoreline)
- Solar Panels and/or Solar Powered Electrical Systems

- 15.5.2. ECC Approval, Permit, Lot Pin Locations and Plot Plan are required. NO Security Deposit is required:
- Dog Run
 - Non-Portable Fire Pit
 - Satellite Dish Not Attached to House but within easements
 - Outdoor Hot Tub
- 15.5.3. ECC Approval and Permit are required. NO Lot Pin Location, NO Plot Plan and NO Security Deposit are required:
- Siding replacement
 - Roofing replacement
- 15.5.4. ECC Approval is required. NO Permit, NO Lot Pin Locations, NO Plot Plan and NO Security Deposit are required:
- Tree removal
 - Lakeside Storage Container
 - Satellite Dish Not Attached to House but not in easement
 - New Driveway, Sidewalk, Walkway
 - Fence Exception (Bluebook section 2.C, Fences)
 - Culvert
 - All retaining walls (for landscaping or runoff management) within the 10 feet side yard setback of the property.
 - Lake Mat
- 15.5.5. NO ECC Approval, NO Permit, NO Lot Pin Locations, NO Plot Plan and NO Security Deposits are required:
- Window Replacement
 - Door Replacement
 - Any Interior Work: Finish off basement, Remodel Kitchen, Remodel Bathroom

16. LSA BOARD OF DIRECTORS (formerly section “P”)

The Board of Directors hereby authorizes the Recording Secretary or other LSA officers or board members or staff members the right to record the Board of Directors’ meetings and committee meetings by current recording technology. No LSA member is allowed to record these meetings without the majority vote of the Board of Directors. Recordings of these meetings will be held in the LSA office for sixty (60) days and may be reviewed during normal business hours in the office by an LSA member upon written request to the LSA General Manager.

16.1. General Purpose and Function

The LSA is managed and operated on a non-profit basis with the voluntary participation of its membership. Included are the Board of Directors and various Board of Directors standing and recognized committees. Conscientious participation through these committees is certainly welcome. The membership may attend any board or committee meeting unless it is designated as an "executive session".

Specifically, the LSA Board of Directors manages and controls the affairs of the Association defined in detail in the By-Laws of LSA (copies available at the LSA office).

16.2. Board Parameters

The LSA Board is made up of seven members that are elected by the membership. The secretary's position may be filled by one or more additional persons who are non-voting members appointed by the Board to perform the duties of recording secretary, corporate secretary and/or assistant secretary.

Each elected member of the LSA Board serves a three-year term. Two or three elected or re-elected each year.

17. RECOGNIZED CLUBS:

17.1. Archery Club:

Unlimited membership by participation.

17.2. Beautification Club:

Unlimited membership by participation.

Function: The focus of the LSA Beautification Club will be the aesthetic improvement of the Lake Summerset community. The club will identify areas within the LSA property that would benefit from enhancement. Our volunteer members who comprise this group will commit to working collaboratively with the LSA Board to improve the aesthetic of our community.

17.3. Bocce Ball Club:

Unlimited membership by participation. Officers elected by members

Function: To promote fun & fellowship through game playing for all ages & genders.

17.4. Fish Club:

Unlimited membership by participation.

Function: The Fish Club serves the Lake Summerset Community by providing recommendations to preserve and improve fishing in the Lake, by promoting participation by all Lake Summerset Members in fishing and Fish Club activities, by providing information to the Fish Conservation Committee on fish and fishing, and by sponsoring social gatherings and community service activities.

17.5. Garden Club:

Unlimited membership by yearly dues payment. Officers elected annually by membership.

Function: To promote discussion and exchange of ideas on garden planting, design and maintenance.

17.6. Lake Summerset Book Club:

Unlimited membership by participation.

Function: To read and discuss books of interest to the members.

17.7. Lake Summerset Community Vegetable Garden Club:

Unlimited membership with deposit fee upon space availability

Function: Opportunities for residents to improve personal and family health through planting, growing, and consuming safe, naturally grown vegetables; participate in personal healthy exercise, family activities, and recognition of budget savings and develop positive community relations and potential new acquaintances.

17.8. Lake Summerset Dog Park:

Unlimited membership by yearly payment of the Dog Park fee.
